# Grade 5 Estimation Worksheet

Name: _____ Date: _____ Score: _____

Estimate each answer. Write your answer on the line.

1. Estimate 90.8 + 17.3 by rounding to the nearest whole number.

_____

2. Estimate 41.9 + 64.2 by rounding to the nearest whole number.

_____

3. Estimate 90.5 + 28.7 by rounding to the nearest whole number.

_____

4. Estimate 69.2 + 85.7 by rounding to the nearest whole number.

_____

5. Estimate 99.3 + 62.7 by rounding to the nearest whole number.

_____

6. Estimate 68.4 + 62.8 by rounding to the nearest whole number.

_____

7. Estimate 37.5 + 66.8 by rounding to the nearest whole number.

_____

8. Estimate 62.6 + 36.2 by rounding to the nearest whole number.

_____

9. Estimate 32.7 + 92.1 by rounding to the nearest whole number.

_____

10. Estimate 35.6 + 43.5 by rounding to the nearest whole number.

_____

11. Estimate 63.1 + 22.5 by rounding to the nearest whole number.

_____

12. Estimate 66.1 + 85.4 by rounding to the nearest whole number.

_____

13. Estimate 32.3 + 39.5 by rounding to the nearest whole number.

_____

14. Estimate 88.9 + 45.7 by rounding to the nearest whole number.

_____

15. Estimate 57.4 + 81.4 by rounding to the nearest whole number.

_____

16. Estimate 36.5 + 25.6 by rounding to the nearest whole number.

_____

17. Estimate 39.6 + 76.1 by rounding to the nearest whole number.

_____

18. Estimate 87.1 + 56.3 by rounding to the nearest whole number.

_____

19. Estimate 75.8 + 31.5 by rounding to the nearest whole number.

_____

20. Estimate 82.3 + 55.4 by rounding to the nearest whole number.

_____

21. Estimate 57.6 + 76.7 by rounding to the near-

22. Estimate 80.8 + 33.5 by rounding to the near-

23. Estimate 25.1 + 30.1 by rounding to the near-

24. Estimate 43.6 + 70.9 by rounding to the near-

est whole number.

_____

est whole number.

_____

est whole number.

_____

est whole number.

_____

25. Estimate 82.9 + 70.9 by rounding to the nearest whole number.

_____

26. Estimate 13.8 + 27.2 by rounding to the nearest whole number.

_____

27. Estimate 36.5 + 43.1 by rounding to the nearest whole number.

_____

28. Estimate 41.5 + 53.9 by rounding to the nearest whole number.

_____

29. Estimate 54.4 + 93.1 by rounding to the nearest whole number.

_____

30. Estimate 21.5 + 23.9 by rounding to the nearest whole number.

_____

31. Estimate 67.8 + 52.2 by rounding to the nearest whole number.

_____

32. Estimate 31.8 + 99.2 by rounding to the nearest whole number.

_____

33. Estimate 11.7 + 38.8 by rounding to the nearest whole number.

_____

34. Estimate 11.4 + 55.4 by rounding to the nearest whole number.

_____

35. Estimate 45.2 + 64.1 by rounding to the nearest whole number.

_____

36. Estimate 99.8 + 72.2 by rounding to the nearest whole number.

_____

37. Estimate 91.2 + 31.8 by rounding to the nearest whole number.

_____

38. Estimate 22.4 + 88.2 by rounding to the nearest whole number.

_____

39. Estimate 71.3 + 56.1 by rounding to the nearest whole number.

_____

40. Estimate 43.8 + 49.8 by rounding to the nearest whole number.

_____

ANSWER KEY

# Grade 5 Estimation Worksheet

1. Estimate 90.8 + 17.3 by rounding to the nearest whole number.
   **108**
2. Estimate 41.9 + 64.2 by rounding to the nearest whole number.
   **106**
3. Estimate 90.5 + 28.7 by rounding to the nearest whole number.
   **120**
4. Estimate 69.2 + 85.7 by rounding to the nearest whole number.
   **155**
5. Estimate 99.3 + 62.7 by rounding to the nearest whole number.
   **162**
6. Estimate 68.4 + 62.8 by rounding to the nearest whole number.
   **131**
7. Estimate 37.5 + 66.8 by rounding to the nearest whole number.
   **105**
8. Estimate 62.6 + 36.2 by rounding to the nearest whole number.
   **99**
9. Estimate 32.7 + 92.1 by rounding to the nearest whole number.
   **125**
10. Estimate 35.6 + 43.5 by rounding to the nearest whole number.
    **80**
11. Estimate 63.1 + 22.5 by rounding to the nearest whole number.
    **86**
12. Estimate 66.1 + 85.4 by rounding to the nearest whole number.
    **151**
13. Estimate 32.3 + 39.5 by rounding to the nearest whole number.
    **72**
14. Estimate 88.9 + 45.7 by rounding to the nearest whole number.
    **135**
15. Estimate 57.4 + 81.4 by rounding to the nearest whole number.
    **138**
16. Estimate 36.5 + 25.6 by rounding to the nearest whole number.
    **63**
17. Estimate 39.6 + 76.1 by rounding to the nearest whole number.
    **116**
18. Estimate 87.1 + 56.3 by rounding to the nearest whole number.
    **143**
19. Estimate 75.8 + 31.5 by rounding to the nearest whole number.
    **108**
20. Estimate 82.3 + 55.4 by rounding to the nearest whole number.
    **137**
21. Estimate 57.6 + 76.7 by rounding to the near-
22. Estimate 80.8 + 33.5 by rounding to the near-
23. Estimate 25.1 + 30.1 by rounding to the near-
24. Estimate 43.6 + 70.9 by rounding to the near-

est whole number.

**135**

est whole number.

**115**

est whole number.

**55**

est whole number.

**115**

25. Estimate 82.9 + 70.9 by rounding to the nearest whole number.

    **154**

26. Estimate 13.8 + 27.2 by rounding to the nearest whole number.

    **41**

27. Estimate 36.5 + 43.1 by rounding to the nearest whole number.

    **80**

28. Estimate 41.5 + 53.9 by rounding to the nearest whole number.

    **96**

29. Estimate 54.4 + 93.1 by rounding to the nearest whole number.

    **147**

30. Estimate 21.5 + 23.9 by rounding to the nearest whole number.

    **46**

31. Estimate 67.8 + 52.2 by rounding to the nearest whole number.

    **120**

32. Estimate 31.8 + 99.2 by rounding to the nearest whole number.

    **131**

33. Estimate 11.7 + 38.8 by rounding to the nearest whole number.

    **51**

34. Estimate 11.4 + 55.4 by rounding to the nearest whole number.

    **66**

35. Estimate 45.2 + 64.1 by rounding to the nearest whole number.

    **109**

36. Estimate 99.8 + 72.2 by rounding to the nearest whole number.

    **172**

37. Estimate 91.2 + 31.8 by rounding to the nearest whole number.

    **123**

38. Estimate 22.4 + 88.2 by rounding to the nearest whole number.

    **110**

39. Estimate 71.3 + 56.1 by rounding to the nearest whole number.

    **127**

40. Estimate 43.8 + 49.8 by rounding to the nearest whole number.

    **94**
